Academic Year: 2025-26	Department of BCA	ACAD/R/11-SA Term-I

Department:BCA Class:SY Div: A & B Subject: Probability & Statistics Subject Code –CC-201-CA

Assignment II

Assigned Date : 16/09/2026 **Submission Date:** 26/09/2026 **Course Objectives:**

- 1 To provide students with a fundamental understanding of statistical concepts, data types, variables, and classification of data.
- 2 To enable students to organize, represent, and interpret statistical data using frequency distributions and graphical methods such as histograms.
- 3 To develop the ability to apply basic statistical techniques to real-life data and draw meaningful conclusions from the given information.

CO No.	Course Outcomes	BT Level
CC-201.1	Remember basic concepts and represent data diagrammatically	BT2

Question No.	Question						CO&BT
1 i.	Calculate Arithmetic mean for the following data : 13,29,30,16,25,27 . i. Calculate median for the following data : 22,41,21,58,28,32.						CC-201.1 & BT2
2	Find following						CC-201.1 & BT2
	C.I.	0 - 5	5-10	10-15	15-20	20-25	
	Frequency	7	18	25	30	20	

3	A set of 10 observations has arithmetic mean is 20. Find the arithmetic mean if : i.i) Each value is doubled and then increased by 2 i.ii) Each value is increased by 5 and then doubled i.iii) Each value is decreased by 5.	CC-201.1 & BT2
4	Suppose the arithmetic mean of 40 observations is 100. Find arithmetic mean if each observation is i.i) Increased by 10. ii) Decreased by 5. ii.iii) Doubled. iv) Doubled and then increased by 5. iii.v) Increased by 5 and then doubled.	CC-201.1 & BT2

5								mean of f istribution ha 44.2. Fin								CC-201.1 BT4			
	C.I.			10-20			20-30		30-40		40-5 0		50-60		60-70		70-8 0		
	Frequency			5			12		a		20		b		10		4		
6								le for								CC-201.1 & BT2			
	X		5			7			9		11		13						
	f		9			8			15		20		10						
7	For a moderately skewed distribution, the arithmetic mean is 10 and mode is 8 then the find median.															CC-201.1 & BT2			
8								he quency								CC-201.1 & BT2			
	C.I.		10-15			15-20			20-25		25-30		30-35						
	Freq.		2			4			12		8		16
